9 Department recommendation for discipline: reprimand with fine in the amount of \$5,000 and probation for one year.

10 Discussion

11 The Board questioned whether a reprimand, a \$5,000 fine, and a 1 year probation was enough given the circumstances as this
12 is a clear violation for what the profession requires to protect the citizens of Florida. Dr. Guerreiro recommended revocation.
13 Board counsel and prosecutor advised that aggravating factors would be needed to support revocation. The board asked if
14 additional discipline cases can be considered as an aggravating factor. Board counsel provided the usual aggravating factors
15 that may be considered, which she stated do not appear to exist in this instance. Prosecution advised that there is a second
16 case where the board may wish to consider a stronger penalty.

31 audiology, failed to create and/or maintain records of fitting and sale of hearing aids and failed to follow appropriate

46

47 Discussion

50

51 Department recommendation for discipline: reprimand, fine in the amount of \$10,000, 1 year probation with conditions,

3 education with rule 64B20-2.002(1)(a) and (b), F.A.C.
4

5 Discussion:

6 Dr. Johnson stated the board could not review the applicant's liaison information because of the short timeframe before the
7 meeting. Dr. Guerreiro stated applicant's special education was confirmed as being in accord with the Board's general
8 requirements, but he could not find the applicant's speech education. Applicant handed out education information set out in a
9 table. Dr. Johnson could not find 36 graduate credits to meet the speech language credit requirements; he found 70 credits
10 total, but only 36 credits for speech. Applicant opined that other courses are important for a speech language pathologist
11 despite not being speech courses. Dr. Boyev found 25 credits directly related to speech and asked what other types of courses
12 could be included. Based on the additional courses for sign language and stimulation, anatomy and physiology, deviations of
13 sensory development, the Board found 36 credits in speech.

25 additional information. This matter is before the board as a reapplication for licensure.
26

27 Discussion:

28 Applicant did not want to make a statement. Dr. Johnson stated the board could not review the applicant's information
29 because of the short timeframe before the meeting. Applicant presented evidence that she holds a specialist in speech
30 language, then a bachelor's degree, and finally received her master's degree in 1990. Page 1401 provided a chart of the
31 courses taken for graduate courses.
32

33 Motion made by Dr. Guerreiro to grant the license and seconded by Dr. Rahe.

38 12. Manuela Semino, file 2782 – Speech Language Pathology Assistant

39 Applicant was present and was represented by a translator/ representative.
40

41 Applicant received her education outside of the United States. The board staff were not able to reconcile Applicant's
42 education with rule 64B20-2.002(1)(a) and (b), F.A.C.
43

44 Discussion:

45 Dr. Johnson stated the board could not review the applicant's information because of the short timeframe before the meeting.
46 Applicant is in the process of completing her master's degree on physiological studies online through an unaccredited school.
47 Applicant holds a bachelor's degree in special education. Dr. Johnson stated the position for which applicant applied requires
48 9 hours of fundamentals and 15 hours of speech pathology. The information found on page 1518 showed that the program
49 was not accredited for granting a degree. Board counsel stated this doesn't mean the applicant did not learn what she needed
50 to learn. Dr. Guerreiro found the course list. Board counsel stated the programs are not equivalent to a board approved
51 school, which means that the bachelor's degree courses may be counted but the online school courses cannot. Dr. Johnson
52 found 9 credits for fundamentals. Dr. Rahe asked if pages 1533 and 1535 were the same and confirmed they were not. Dr.
53 Guerreiro found 6.75 credits for speech, with a total of 9 hours. Dr. Johnson agreed. Ms. Rutland recommended the applicant
54 complete an additional 3.75 credits coursework from an accredited provider to meet the number of credits needed. Applicant
55 stated she has the additional hours but they come from the unaccredited online program. Board counsel explained applicant's
56 options. Applicant decided to withdraw her application.
57

58 Motion made by Dr. Rahe to allow the applicant to withdraw her application, seconded by Dr. Boyev.

1 Vote: unanimous. Motion carried

8 Applicant received her education outside of the United States. The board staff were not able to reconcile Applicant's
9 education with rule 64B20-2.002(1)(a) and (b), F.A.C.

10 Discussion:

11 Applicant stated she has masters in speech language pathology from Cuba.

12 Ms. Rutland opined that applicant has the equivalent education and referred the Board to page 1577. The board determined
13 that the hours were sufficient at 700 hours.
14

15 Motion made by Dr. Rahe to grant the license, seconded by Dr. Guerreiro.

16 Vote: unanimous. Motion carried
17

18 **Time ended: 10:27 a.m.**
19

- 20 13. Alina Perez Adlana, file 3114 –Speech Language Pathology Assistant
21 Applicant was not present and was not represented by counsel.
22

23 Dr. Johnson stated the board could not review the applicant's information because of the short timeframe before the meeting.
24 Applicant received her education outside of the United States. The board staff were not able to reconcile Applicant's
25 education with rule 64B20-2.002(1)(a) and (b), F.A.C.
26

27 Discussion:

28 Page 1595 showed the credits, which did not appear to equal the required 15 credits in speech. The Board found that
29 applicant did have sufficient credits to meet the requirements for the fundamentals. Board counsel suggested adding to the
30 Board's order 2 weeks for the applicant to withdraw her application or the denial would stand.
31

32 Motion made by Dr. Rahe to deny the license but to allow the applicant 2 weeks after the order is filed to withdraw her
33 application, seconded by Dr. Guerreiro.
34

35 Vote: unanimous. Motion carried

41

42 Applicant answered in the affirmative to health history questions. Applicant supplied documentation from her treating
43 physician in support of her application.
44

45 Discussion:

46 Dr. Johnson stated the board could not review the applicant's information because of the short timeframe before the meeting.
47

48 Dr. Guerreiro moved to grant the license based upon a PRN recommendation that applicant is safe to practice, and giving
49 applicant 6 months to complete the evaluation, second by Dr. Rahe.
50

51 Vote: unanimous. Motion carried
52

53 **Time ended: 10:36 a.m.**

- 55 15. Cassandra Gail Marquis, file 14553 – Speech Language Pathologist
56 Applicant was present and was not represented by counsel.
57

58 Applicant answered in the affirmative to health history questions. Applicant submitted information from her treating
59 physician in support of her application.

1
2 Discussion:

3 Applicant stated she was hospitalized, then started seeing an outpatient therapist; she has made progress and her life is
4 different. Applicant stated she is seeing a psychiatrist and therapist in Florida. She allowed her Tennessee license to expire
5 due to the high cost to maintain the license. Ms. Rutland asked if she could get a letter from her own psychiatrist instead of
6 PRN.
7

8 The question was raised about the applicant voluntarily discharging herself from therapy and whether the Board could make
9 notification of such an event as part of the condition of licensing. Board counsel responded that the Board had no authority to
10 do so; if applicant was later deemed not safe to practice, then there are other means to protect the public. Dr. Boyev asked if
11 there was grounds to require safe to practice when the underlying condition does not make an individual unsafe to patients.
12

13 Ms. Rutland moved to get a letter from applicant's current treating psychiatrist that she is safe to practice and to produce the
14 letter within 6 months of the Board's order. Simultaneous seconds by Dr. Rahe and Dr. Guerreiro.

15 License issued in error now showing null and void (asked to have this removed.)

16 Vote: unanimous. Motion carried
